

## **AGRINET UGANDA LIMITED**

### **PROGRESS REPORT FOR THE MONTH OF JANUARY 2010**

#### **1. IBM PERFORMANCE**

##### **(a) EXCEL HORT CONSULT NETWORK**

January was a slow month in terms of trade as exhibited by the money the entrepreneurs in the network made. This was mainly attributed to reduction in spending that comes after the festive days (i.e. Christmas and the New Year).

Time was devoted to working on the online assignments from Traidcraft that each trainee had to work on and submit before the training in February.

#### **BCI NETWORK –**

No income streams were reported this month. The IBM Mityana also worked on her online assignments for the Traidcraft training.

#### **Deal tracking/sourcing**

No deals were made during this month.

#### **3. OTHER ACTIVITIES –**

A draft report of the findings from the Market Opportunity Study to Southern Sudan was shared with FAO and a presentation made to members of the Food Security, Agriculture and Livelihoods Cluster (FSAL).
